I repeat, \$200 monthly only and get back almost \$1,000 monthly.  
Too good to be true? **It's true & legal. Relax.**

$\$200 \text{ monthly} \times 50 \text{ investors} = \$10,000 (\$10K) \text{ monthly.}$

**With a cool \$10,000 monthly cash to use for buying and selling every months from these 50 investors,** we'll be able to pay each of them the \$241 every week for 104 weeks according to the contract at [dmarketgurus.com](http://dmarketgurus.com) for \$5K investment....but they'll invest only \$200 monthly each.

## ***How possible?***

We spread your \$5,000 investment over a period of 24 month installments but you'll still be getting your \$241 weekly as of after your 2nd installments and still get back \$25,000 returns/income.

## ***Below is Full details Re: 'How Possible'***

This \$5,000 investment here is called **"GROUP INVESTMENT"** which means that **you are not alone** and you'll invest your \$5,000 but NOT in lump sum. You'll invest \$200 monthly for 24 months. **Total \$4,800** and the rest \$200 at the end of the 24-month contract

Whereas, the \$5,000 investment AT [WWW.DMARKETGURUS.COM](http://WWW.DMARKETGURUS.COM) here is called **"STAND ALONE INVESTMENT"** which means that **you are alone** and you'll invest your \$5,000 once. (one time in a lump sum)

**With the GROUP INVESTMENT,** it's flexible and convinient but we have to be 50 investors/spots in the group or the project cannot start until we have all the 50 members or 50 spots onboard whereas with the **STAND ALONE INVESTMENT,** the project will start immediately.

**See what we said inside the STAND ALONE INVESTMENT contract info.**

**Business Trading with your \$5,000 will yield \$84 x 20 spots = \$1,680 weekly profit out of which we'll pay you your \$241 weekly.**

**See the link to the stand alone contract info below:**

**[https://www.dmarketgurus.com/\\$250group-contract2024-for-\\$5k.pdf](https://www.dmarketgurus.com/$250group-contract2024-for-$5k.pdf)**

**Now, read the following carefully and attentively.**

**If business trading with your \$5,000 will yield \$84 x 20 spots = \$1,680 weekly profit out of which we'll pay you your \$241 weekly.**

**Imagine what \$10,000 would yield because \$200 x 50 investors/spots = \$10,000 investment.**

**Therefore, if \$5,000 investment will produce 20 spots, then, \$10,000 will produce 40 spots and the weekly profit will jump from \$1,680 to \$3,380**

### ***HOW WE GOT SOME SPECIAL DEALS FROM OUR SUPPLIERS WITH THE POWERS OF GROUP INVESTORS***

Look, whenever we presented these 50 contracts for \$200 monthly to our supplier, It is showing a guaranteed \$200 monthly investment for 24 months = \$4,800 guaranteed from each of them x 50 of them = \$240,000

Our suppliers would, therefore, give us the deals based on \$240,000 on the contract not base on \$5,000

The theory in business commerce is, **“The higher the quantity, the lower the price per unit”**

**We'll be able to buy in larger quantity based on \$240,000 because the knew that the \$10,000 monthly will be paid by the company on behalf of the 50 team of silent investors/partners.**

**if \$5,000 investment will produce 20 spots, then, \$10,000 will produce 40 spots and the weekly profit will jump from \$1,680 to \$3,380**

**if you divide the \$3,380 among 50 investors \$67.60 each.**

**HOW MANY TIME COULD YOU GET \$10,000 FROM \$240,000?**

**Now divide \$240,000 by \$10,000 = 24 times.**

**That means, if we were to but inventory for \$24 each with \$10,000.00, the price could be as low as \$1 - \$4 each**

**if you divide the \$3,380 among 50 investors \$67.60 each.**

**Now multiply the \$67.60 x 24 times = \$1,608 profit for each and we'll pay you your \$241 from \$1,608 weekly profit**

**Remember, the profit under the stand alone investment was \$1,680 whereas the profit for this for each is \$1,608. It's very close**

### ***How do we pay you?***

We'll pay \$241 weekly x 50 investors = \$12,050 weekly x 4 weeks.  
That's **\$48,200 monthly** to be paid out to the 50 investors from the **\$1,608 x 50 investors x 4 weeks = \$361,000 monthly.**

**We'll pay the 50 investors a total of \$48,200 monthly from the \$361,000 monthly revenues**

## ***The advantages of this deal are:***

(1) The company will have \$10,000 liquid cash every month to inject into the business and produce \$241 for each of the investors weekly.

(2) **The \$200 every month invested** by each investors, will be coming from their income of almost \$1,000 monthly from us after their 2nd \$200

(3) They don't have to invest \$5,000 each upfront or alone in lump sum

(4) You'll end up investing only \$200 monthly for 24 months. That's a total of **\$4,800. Not \$5,000** because you got helped by the other 49 investors.

However, at the end of the 104 weeks contract, you'll pay us a lump sum of \$200 in order to make your investment a total of \$5,000 but by that time, you must have made a lot of money back. \$25,000

## ***Let us explain this in another way to make you understand it better.***

Did you know that there are some companies out there whose jobs are to buy contracts and pay upfront? Bridge financing, Inventory financing and etc.

They could buy that \$10,000 contract monthly from the 50 investors and pay us \$8,000 upfront in advance x 24 months. That's \$8,000 x 24 months is equal to = \$192,000 instead of \$240,000

We'll have **\$192,000 in liquid cash to trade with (buy & Sell)** every week, not even every month.

Although, we don't need to go that route since **our suppliers are extending up to \$240,000 line of credit to us** because of the 50 contracts.

There's strength in numbers. Join the 50 team of only \$200 monthly investors now

## ***What is the setback for this?***

We have to have the 50 investors/50 spots or this cannot start.

## ***What is the fastest way to get the 100***

**\$200 monthly is for 1 spot, you could purchase more than 1 spot.**

Also, you can invite your friends to join. Although we'll not pay you for this service of inviting your friends to join but it'll help get to the 100 spots quickly. We'll advertise it as well

## ***What type of business are these to invest into?***

**Online digital advertising like Amazon, Facebook - (Ready)**

**Membership with discounts like Costco - (Ready)**

**Offline Local & National Newspapers & Magazine like USAToday - (To acquire & to start new ones- Newspapers & Magazines- Coming Soon)**

**Online coupon deals like Groupon - (Ready)**

## ***Any money potentials from these?***

Yes, just the digital advertising alone is a \$165 Billion business in the USA alone

## ***How much of the \$165B did you target to earn?***

Only \$1.2 Billion - \$2 Billion revenues annually is our target.

Remember that to earn \$2 Billion a year (which a lot of companies are earning this days) one must be **earning \$170 million monthly.**

**We have to be earning \$170 million monthly overall but only \$9.9 million from just these 100 partnership investors.**

**That's only \$12,500 a year. \$25,000 over that 2 years.**

**The company would earn close to \$500 million - \$3 Billion over the 2 years period time frame.**

**Get involved now. You'll be glad that you did.**

## ***Why I'm a little skeptic to believe this?***

We knew why, We knew that if the \$241 is to be divided weekly amongst the 50 investors and each of them would get paid ( $\$241$  divided by 50) = **\$4.82** weekly is to be paid to each person, you'll have believed that become **\$241 weekly is standard to be paid to someone who'd invested \$5,000 in lump sum according to the program at [www.dmarketgurus.com](http://www.dmarketgurus.com)**

After all, you are just investing \$200 monthly which is equivalent to only \$50 weekly investment.

**In other words**, you would have believed a total of ( $\$241$  divided by 50 investors =  $\$4.82 \times 104$  weeks) = That's a total of **\$501.28** be paid to you

## ***Here's why that theory of yours will not work***

(1) Why would you want to get back **\$4.82 weekly. \$19.28 monthly** after you have **invested \$200 monthly**? It does not make any sense.

(2) Also, why would you want only **\$500 back** after you have **invested a total of \$200 monthly x 24 months = \$4,800?** plus another **\$200 in lump sum** at the end of the contract. **Total \$5,000 investment but only to get back \$501?**

(3) Moreover, Did you understand that we are trading (buying & selling) **with \$10,000 monthly** NOT \$5,000 one time investment? as is at [www.dmarketgurus.com](http://www.dmarketgurus.com). That's \$240,000 in 2 years investment from the 50 investors of \$200 monthly

(4) Furthermore, Did you understand that, we are getting a \$240,000 monthly deal from our product suppliers (backed by that \$200 monthly contract guarantees) NOT a \$5,000 deal?

**Yes, we can pay you the \$241 weekly even though you did not invest the \$5,000 in lump sum and upfront**

## ***When would I get my first pay of \$241.00 weekly?***

Your first payment of \$241 will be made to you in 5-6 weeks or in 37 days and every week thereafter.

That's why your \$200 monthly investment obligation will be paid twice (which is a total of \$400 but your **FIRST \$241 WEEKLY INCOME WOULD ARRIVE WITHIN THE SAME SECOND MONTH.** That's in five - six weeks

## ***What could be my obstacle?***

Nothing. Only the skepticism and disbelieve must be eradicated from your mind.

## ***Actor Bruce Lee once Said:***

*If you want to learn to swim, jump into the water. On dry land , no frame of mind is ever going to help you. — Bruce Lee*
